Comprehensive training from underwriting professionals

# Everyone needs insurance, but not everyone knows what it is.

Insurance is a financial instrument designed to help you avoid or manage risk (uncertainty or loss). Zurich offers commercial insurance – meaning insurance for businesses. Without the protection and promise of insurance, the US economic engine could not run. Businesses would not be able to secure loans, pay employees when their business is shut-down unexpectedly, etc.

As an underwriter, you would help your customers understand the risks they face, and how to best handle each risk. You would develop relationships with the brokers and agents selling our policies.

As an underwriter, you would be the face of one of the strongest insurance companies in the world! We are recognized as thought-leaders in the industry - become part of our team!

## Who are we looking for?

We are interested to hear from applicants of various majors, including but not limited to the following:

**Accounting, Business, Communications, Economics, Engineering, Environmental, Finance, International Studies, Management, Marketing, Mathematics, Physics, Political Science, Project Management, Risk Management and Statistics**

After successfully completing the program, you will have the opportunity to be placed in an underwriting position in your local Zurich office.

## Imagine the possibilities in any of these exciting underwriting fields

## Selection Requirements

We select high achievers, strategic thinkers, creative minds, team players and confident risk-takers to participate in the program. In addition, you must:

- Have a Bachelor's degree or above
- Have a minimum 3.0 cumulative GPA
- Legally eligible to work in the U.S. indefinitely

If you think you have what it takes to become an underwriter and are a solid performer in your graduating class, we would be happy to hear from you.
